BOTSWANA INVESTMENT AND TRADE CENTRE

The organization plays a critical role of driving Botswana's economic growth through attraction of Foreign Direct Investment (FDI), domestic investment, facilitation of expansions and further spearheads the growth of exports by promoting locally manufactured goods to regional and international markets. BITC drives wealth creation for Botswana by creating platforms that will initiate and ensure increased citizen participation in the economy and create sustainable job opportunities.

Of great importance within the role of this organization is building and maintaining a positive and impressive image of our country locally and internationally. Through this encompassing mandate, BITC has committed to deliver on the following services, through the Botswana One Stop Service Centre housed at its head office in Gaborone to ensure the ease of doing business for all investors:

- Online Company and Business Registration,
- Trade and Business license Applications,
- Entry visas, work, and residence permits,
- Work Permit Exemptions,
- Connection of utilities e.g. Power, Telecommunications and Water,
- Income tax and VAT registration,
- Access to Industrial and commercial land,
- Facilitation of construction permits,
- Allocation of BITC factory space (subject to availability),
- Environmental Impact Assessment (EIA) Compliance,
- Revision of information on the Botswana business climate, regulatory regime and investment opportunities; and
- Opening a Bank Account.

WELCOME MESSAGE

MR. KELETSOSITSE OLEBILE CHIEF EXECUTIVE OFFICER

It is with great pride and anticipation that we welcome you to the 18th edition of Global Expo Botswana, taking place from 8th – 11th October 2025 in Gaborone. This landmark event has long stood as Botswana's premier international trade and investment platform, bringing together businesses, investors, policymakers, and innovators from across the region and beyond.

This year's edition is particularly special. Following a pause in 2024, we took the time as organizers to reflect, re-strategize, and reimagine how the Expo can serve our participants more effectively. This process has allowed us to craft a stronger, more impactful event that speaks directly to the evolving needs of our exhibitors and visitors. Our renewed approach ensures that Global Expo Botswana remains a platform not only for showcasing products and services but also for forging meaningful connections, exploring opportunities, and creating lasting value for all stakeholders.

The pause also gave us the opportunity to align the Expo with the new national priorities of the Government of Botswana. A major outcome of this alignment is the reformed Pula Investment Conference, now positioned as a central pillar of the Expo. The Conference will convene leaders from government, business, and international organizations to discuss investment opportunities, highlight transformative projects, and mobilize resources that will advance Botswana's sustainable growth agenda.

This year also marks a stronger alignment with regional integration efforts, particularly through the African Continental Free Trade Area (AfCFTA). By situating Global Expo Botswana within the broader context of AfCFTA, we are creating a platform where businesses can access expanded markets across Africa, take advantage of preferential trade opportunities, and build cross-border partnerships that drive intra-African trade. The Expo therefore provides not just a national or regional marketplace, but a gateway into Africa's emerging single market.

In addition to the Pula Investment Conference, we are proud to introduce Creative Day as one of the new highlights of this year's programme. The creative industry has been identified as a priority sector for Botswana, and this dedicated day will

shine a spotlight on the talent, innovation, and entrepreneurial spirit that defines our creative economy. From fashion and design to film, music, and digital arts, Creative Day will provide a platform for young entrepreneurs and creatives to showcase their work, connect with investors, and explore opportunities for growth within Botswana and across the continent. By placing creativity alongside trade and investment, we are demonstrating how diverse sectors can contribute to economic diversification and sustainable development.

Over the next four days, exhibitors will engage with buyers, investors, and partners across key sectors such as manufacturing, agriculture, mining, ICT, renewable energy, and tourism. Visitors will experience a diverse showcase of innovation while connecting directly with decision-makers from Botswana, the region, and the global marketplace. With deal rooms, business-to-business networking, panel discussions, and policy dialogues, this year's Expo has been designed to drive meaningful outcomes and position Botswana at the heart of trade and investment opportunities in Africa.

Global Expo Botswana 2025 is more than just an exhibition. It is a renewed platform that reflects our collective ambition to unlock Botswana's potential. It is a stage where local enterprises, regional players, and international companies come together with a shared vision of partnership and growth. It is also an opportunity to leverage the power of AfCFTA, to showcase the strength of our creative sector, and to shape the future of trade and investment both within Botswana and across the continent.

On behalf of the Botswana Investment and Trade Centre and our valued partners, I extend my warmest welcome to every exhibitor and visitor joining us for this year's Expo. I encourage you to actively participate, network widely, and take advantage of every opportunity the Expo presents. Together, let us work to unlock Botswana's potential and build partnerships that will drive sustainable growth for years to come.

We wish you a productive and rewarding experience at Global Expo Botswana 2025.

The banner features a large, circular, golden emblem on the right side, which is a stylized representation of the Pula, a traditional Botswana symbol. The emblem depicts a central shield with a sunburst, flanked by two lions, and a banner at the bottom. The year '2013' is visible at the bottom of the emblem. The background of the banner is a dark, textured brown. On the left side, there is a white rectangular box containing the 'GlobalExpo Botswana 2025' logo, which consists of a colorful, multi-colored sunburst or flower-like icon. The text 'GlobalExpo' is in a bold, sans-serif font, and 'Botswana 2025' is in a smaller font below it. The main title 'PULA INVESTMENT CONFERENCE' is written in large, bold, white, sans-serif capital letters across the center of the banner.

PULA INVESTMENT CONFERENCE

Introduction

The Pula Investment Conference is a high-level platform created to showcase Botswana's most investment-ready opportunities while encouraging direct and practical engagement between government, investors, and the private sector. The name "Pula" carries dual meaning, our national currency and a symbol of prosperity, promise, and renewal.

This year's conference comes at a defining moment in Botswana's economic journey, as the country intensifies its focus on industrialization, energy transition, food security, and value-added production. Over two days, the conference will focus on four core sectors: Energy, Agriculture, Tourism, and Manufacturing. Each session is designed to present a clear picture of the sector landscape, outline current policies, and most importantly, highlight projects that are ready for investor participation.

The programme opens with a Presidential Address by His Excellency President Advocate Duma Gideon Boko, who will outline Botswana's National Transformation Programme, affirming the country's political will and strategic direction. This is followed by a Guest Speaker Address, offering global investor insight and external perspectives on Botswana's position in the regional and international investment landscape.

The remainder of the conference includes sector-specific panel discussions, project pitch sessions, and a presentation by the BITC CEO on the practicalities of doing business in Botswana. These segments provide valuable entry points for investors looking to deploy capital, form partnerships, or expand their footprint into the Botswana market.

A major feature of the conference is the Deal Rooms, private, sector-focused spaces operating alongside the main sessions. These are designed for deeper, results-oriented conversations between project promoters, financiers, advisors, and government representatives. These sessions will allow for targeted matchmaking, project unpacking, and early-stage structuring ensuring that discussions move beyond interest into actionable investment leads.

We welcome all delegates, partners, and prospective investors to the Pula Investment Conference and invite you to engage directly with Botswana's growth story, one built on substance, opportunity, and shared ambition.

RUNDOWN OF GEB 2025

EXHIBITION

CEDA INSURANCE BROKERS

CEDA Insurance Brokers is a fully licensed insurance brokerage firm based in Botswana and a subsidiary of CEDA. It works with a wide range of trusted insurance companies to find the best possible rates and terms tailored to every client's unique needs. Whether you're in farming, running a business, or just want to protect your personal belongings, it has all the right cover for you.

Comprehensive Agricultural Insurance Solutions

We know that agriculture is at the heart of Botswana's economy, and we take pride in supporting our farmers. Our agricultural insurance options include:

- **Livestock Insurance** – Covering losses from fire, wild animal attacks, theft, and uncontrollable diseases.
- **Crop Insurance** – Protection against weather-related risks, pest damage, and other unforeseen challenges.
- **Farm Equipment Insurance** – For tractors, ploughs, irrigation systems, and all machinery used on the farm.
- **Farm Infrastructure** – Including farm fences, boreholes, storage facilities, and buildings.
- **Farm Worker Cover** – Ensuring your employees are protected while on duty.

More Than Just Farming

While we have strong roots in agriculture, our services go beyond the farm gate. We provide a full range of insurance solutions for both individuals and businesses, including:

- **Business Insurance** – Covering equipment, stock, and business premises.
- **Property Insurance** – For homes, offices, and commercial buildings.

- **Vehicle Insurance** – Cover for private and commercial vehicles.
- **Life & Funeral Policies** – Giving your family peace of mind during life's most difficult moments.
- **All-Risk Cover** – For valuable items like electronics, jewellery, and other personal belongings.

Open to Everyone

You don't have to be a CEDA-funded client to access our services. CEDA Insurance Brokers is open to the public, individuals, farmers, business owners, and anyone else looking for reliable insurance solutions are welcome.

Our team is dedicated to offering you expert advice, professional service, and insurance solutions that fit your life and your budget. Whether you're managing a large farming operation, running a business, or just want to protect your home, we'll find the cover that's right for you.

Get in touch with CEDA Insurance Brokers today and let us help you protect what matters most.
